### HOW DO I MAKE A CLAIM?

Should you wish to make a claim, you may do so at any participating Falken Dealer. Your Falken Dealer will need to ensure both your insurance and the nature of your claim is valid. Provided that you produce your original sales invoice and stamped insurance leaflet (see page to left), then your Falken dealer will be able to calculate your entitled percentage allowance.

### HOW IS MY PERCENTAGE ALLOWANCE CALCULATED?

Your Falken Dealer will measure the remaining legal tread on your tyre. Although tyres are road-legal to 1.6mm, we always recommend replacement above 3mm in order to maintain optimum performance & safety, therefore the first 3.5mm of tread is not counted. The tread will be measured in the centre and on the edges of the tyre to ensure an accurate and consistent reading. If any measurements on the tyre are below 3.5mm, no credit will be given. The decision of the individual participating Falken Dealer is final. By looking at the table below you can see how the amount of remaining legal tread is converted to a percentage claim allowance. This allowance is then redeemed as a percentage discount against the current selling price of your new replacement Falken tyre. The terms of this insurance require that the replacement tyre fitted is the same size as the original and is a Falken tyre. Your old insurance leaflet along with the damaged tyre will be retained by the dealer and a new insurance leaflet will be issued to cover the new tyre.

### WHAT IF I WANT TO CHANGE TO ANOTHER BRAND OF TYRE?

You cannot make a claim under this insurance if you wish to switch to another tyre brand. However, if your Falken Dealer believes that your tyre may have failed due to a manufacturing fault rather than due to accidental damage, they will be more than happy to send it back to the manufacturer through the official tyre industry adjudication process. Only after the adjudication process has been completed and a manufacturing fault found, will a percentage allowance be made based on the remaining legal tread on the tyre. You can then use this allowance to affect a discount against any replacement tyre brand you choose to purchase. The manufacturer's decision will be final.
